GAYATHRI K R

BCA GRADUATE I SOFTWARE ENGINEER I FULL-STACK DEVELOPER

+91 7483079192 I gayiaruna2005@gmail.com
Kanampalli, Gulur Hobli, Bagepalli Taluk, Chikkaballapura, Karnataka – 562107

PROFESSIONAL SUMMARY

BCA graduate with a strong foundation in software engineering, Data Structures and Algorithms (DSA), Database Management Systems (DBMS), and fundamentals of data science. Knowledge of Python, Java, C, C#, PHP, data analysis, data visualization, AI agents, Large Language Models (LLMs), and Retrieval-Augmented Generation (RAG). Hands-on experience developing and deploying a full-stack MERN web application for Shuttle Craft Badminton Academy using MongoDB, Brevo SMTP, GoDaddy DNS, Render, Git, and GitHub.

PROFESSIONAL TECHNICAL SKILLS

› **Software Engineering & CS:** Software Engineering Fundamentals, Data Structures & Algorithms (DSA), DBMS, Database Management, Operating Systems, Computer Networks

› **Programming Languages:** JavaScript, Python, PHP, C, Java, C# and R

› **Full-Stack Development:** MERN Stack: MongoDB, Express.js, React.js, Node.js; REST APIs; responsive web development

› **Databases:** MongoDB, MySQL, database design, data modelling, schema design and query fundamentals

› **Data & AI:** Fundamentals of Data Science, Data Analysis, Data Visualization, AI Agents, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG)

› **Deployment & Developer Tools:** Git, GitHub, Render, GoDaddy DNS and domain configuration, Brevo SMTP/email OTP

› **Additional Skills:** Web Content Management Systems, UI/UX basics, debugging, form validation and problem-solving

PROJECTS

Project 01: Full-Stack Web Application — Shuttle Craft Badminton Academy

Live website: https://shuttlecraft.in

• Developed and deployed a full-stack web application for badminton academy operations.

• Built frontend and backend functionality using the MERN stack and connected application features through APIs.

• Used MongoDB for application data storage and database management.

• Integrated Brevo SMTP for email OTP functionality.

• Configured deployment on Render and custom-domain/DNS settings through GoDaddy.

• Used Git and GitHub for source-code management and project workflow.

• Implemented features supporting academy operations, including attendance, fee records/receipts, profiles, coach timings and slot management.

• Applied debugging, responsive UI development, environment configuration and database design concepts.

Project 02: PGRENIX Market — Virtual Farmer-Market Platform (Startup venture I In development)

• Developing a digital marketplace to connect farmers, vendors and traders.

• Designing role-based workflows for farmers, vendors, drivers, virtual farmers/brokers and administrators.

• Planning database-backed marketplace features, crop listings, order management and logistics coordination.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS (BCA) I CGPA: 8.39 (2023–2026)

Bengaluru North University — Government First Grade College, K.R. Puram, Bengaluru

PRE-UNIVERSITY COURSE (PUC) I 74.33% (2022–2023)

Government PU College for Girls, Bagepalli, Chikkaballapura

SECONDARY SCHOOL (SSLC) I 88% (2020–2021)

Government High School, Gulur, Bagepalli Taluk, Chikkaballapura

LANGUAGES

Kannada, English, Telugu

CORE STRENGTHS

Logical thinking, problem-solving, quick learning, teamwork, communication, time management
